SURGIVA
INDUSTRY

info@surgivaind.com | www.surgivaind.com

About Us

SURGIVA INDUSTRY pride itself to be a company giving utmost assurance towards achieving our customer's trust. For us customer satisfaction comes first before any other desired organizational goals for which companies strive hard to accomplish.

SAEED since formed we have witnessed rapid but consistent growth in our customer base and business volumes. We pride ourselves to be a reliable brand name having presence in three continents across the world. This has been achieved through our committed efforts to serve the requirements of our customers in best possible manner.

Through collaboration with surgeons, clinical technicians and nurses around the world, we identify surgical needs and advance them into effective and safe products.

Special or Custom Designed Instruments

SURGIVA INDUSTRY welcome the opportunity to manufacture instruments that are currently available, but are desired in an alternative tip/-handle selection or belong to special school of pattern. We produce custom designed instruments on your request as well. Please send us an actual sample and/or a detailed written description that includes all dimensions and measurements.

SURGIVA INDUSTRY

Any product that fails within the expected lifetime of an instrument as a result of material defect or poor workmanship will be repaired or replaced at no charge. As a service, we also offer sharpening, repair or reworking of instruments. The **SURGIVA INDUSTRY** customer service will be pleased to support and consult you in this regard.

We cannot be held responsible for the performance or replacement of any instrument that has been tampered with, modified or refitted in any manner.

How to Place an Order

Instruments can only be ordered through our authorized dealer. Your surgical dealer will take your order and ship the products to you. If you have questions prior to placing an order or if you would like to place an order for any of our products, please contact us at www.surgivaind.com

Scissors, One Blade Serrated

- One blade is with fine serrations to avoid tissue or ligature slippage.
- Manufactured from high quality stainless steel to provide longer-lasting cutting edge.
- Single black ring for easy identification.

SCISSORS WITH TUNGSTEN CARBIDE INSERTS FORBICI CON INSERTI IN CARBURO DI TUNGSTENO

Super-Cut

- Cutting Blade horned to "razor" sharpness with opposing blade finished with fine serrations to avoid tissue slippage.
- Extremely smooth cutting with less trauma.
- Manufactured from high quality stainless steel to provide longer-lasting cutting edge.
- Single gold plated ring for easy identification.

Dental Syringes

Intraligamental Syringes

Self & Manual Aspirating Syringes

- Injects 0.02 ml with every click
- Exact dosage every time
- Lever action for high injection pressure
- Suitable for use with all 1.8 ml dental cartridges
- Made of brass, Chrome plated
- Stainless steel plungers

**Disc System****Dual self aspiration system:**

Disc system syringe has dual aspiration feature to achieve self aspiration.

Aspiration before injection:

Insert syringe in tissue and press Thumb disc to achieve aspiration.

Aspiration during injection:

Automatic aspiration occurs whenever pressure on the plunger is released.

**Projection System****Aspiration during injection:**

Automatic aspiration occurs whenever pressure on the plunger is released.

3 movable hooks securely holds the cartridge for safe aspiration, the syringe also has self aspiration feature.

INTRALIGAMENTAL SYRINGES SIRINGHE INTRALIGAMENTALI

- Made of 18-8 stainless steel
- Longer life than brass syringes
- No chipping of chrome
- Guaranteed quality
- Sterilizable by any method

- Injects 0.05 ml with every click
- Exact dosage every time
- Supplied with angled & straight tubes
- Suitable for use with all 1.8 ml dental cartridges
- Made of stainless steel

SI-09-007

Articulators

**SI-12-001**

High tech plasterless Articulator galetti with adjustable screws at rears & front. All anatomical Movements Possible. Also available in vibratory polished

**SI-12-003**

Semi anatomical silver Articulator high tech. Adjustable back rod by registration screw to work without incisal rod by keeping constant trajectories and inclinations during side and back/forward movements. Pure translation movement anti-shock hinge rod in case Articulator falls accidentally. Bigger size lock screws for mounting plates

**SI-12-005**

Magic Art-II Articulator high tech. Adjustable back lightweight, high-quality magic Art Articulator securely holds quadrant models, conserve materials & time! Quickly & Easily mount pre-cast dental models with the high quality

**SI-12-002**

Pro Tamahachi Articulator Standard arcon yamahachi type Articulator with A ball slot type path on the maxillary frame

**SI-12-004**

Gnatus Pro Jp30 Articulator best performance with an excellent degree of accuracy. Its functionality makes easier both the procedures of taking & transferring the patient's records & the process of mounting the models

**SI-12-006**

Vibratory polished wire Articulator - Made of stainless steel & die cast aluminum

SI-12-007

Articulator ASA W/out bearing rod.
Anatomical articulator with incisive pin.
4 mounting plates and Supporting back pin.
Available in assorted colors

SI-12-008

ASA Articulator with lateral moment.
Made of aluminum die casting with
2 Mounting Plates. Also Available in
vibratory polished process & Assorted colors

SI-12-009

Keystone deluxe magnetic denture
articulator with plates, Interchangeable,
Incisal pin Included. Magnetic Split Casting
ensures Easy & Exact Setting, Lateral
excursions

SI-12-010

Keystone deluxe universal type-A Articulator.
Interchangeable, Included Incisal pin, Lateral
excursions

SI-12-011

Anatomical Articulator Universal,
Realized for easy visibility to the lingual surface
& for A perfect stability Also In reserved position.
(Also available in assorted colors)

SI-12-012

Chromium plated fork
Fork Crowned Bridge.
Nickle chromium plated articulator

**SI-12-013**

Full arch hinged articulator
chromium plated hinge articulator
for mounting full arch cases.
Low back gypsum-free articulation enables
clean & accurate mounting & dismounting
in 30 seconds

**SI-12-014**

Ray foster 57 chrome articulator
chrome brass hinge crowned bridge
articulator for mounting quadrant cases.
Crown & bridge articulator is popular ray
foster # 57 design,
eliminates the need to break off models

**SI-12-015**

Occlusor, wire articulator,
Available in 2 sizes,
Small & Large

**SI-12-016**

Professional occlusor.
Vibratory polished articulator.

**SI-12-017**

Dental articulator 2x-cresant brand
full denture chromium plated articulator.
Provides additional vertical dimension for
acceptance of higher models. 49 wide at
the joint & has a vertical span between
parallel bows of 25/8"

**SI-12-018**

Hinge articulator full arch
plain line nickel chromium
plated articulator

**SI-12-019**

Magic Art-I articulator lightweight

**SI-12-020**

Mortimer-I occluder articulator
All filled with high carbon Steel balls.
Also available in gold plated

British Pattern

SI-12-021
